

BELLOWSFLEX™ ...

BENDS AND TWISTS ANY WAY YOU NEED!

Thermoid's **BELLOWSFLEX A** is the most flexible and versatile automotive, industrial and marine coolant, fuel and water hose available. This manufactured product is a multi-purpose hose that can twist and bend nearly any way necessary to do the job. Thermoid has engineered this product with wire reinforcement to provide you with a hose that offers unrivaled flexibility to stand up to severe bending applications without kinking.

BELLOWSFLEX A IS IDEAL FOR:

- Most Automotive, Industrial and Marine Fuel Fill and Transfer Applications
- Most Automotive and Marine Engine Coolant Applications
- Marine Wet Exhaust Bilge Ventilation
- Marine Potage/Internal Marine Water System Use
- Bilge Pump Intake and Discharge
- Multi-Purpose Use for Galleys and Drains
- Marine Cabin Heating Applications

BELLOWSFLEX A HOSE IS:

- Rated at Full Vacuum (30 inches Hg) and Available in 1/2" to 6" I.D.
- Comes in 12ft., 25ft. & 60 ft. and other cut lengths
- Constructed with NBR Tube/CR Cover and Helical Wire/Nylon Screen Reinforcement
- Effective in Temperatures Ranging: -20°F (29°C) to +212°F (+100°C)
- Effective against kinking, oil/fuel, coolant, heat, ozone and abrasion
- Compliant with US Coast Guard Standard—SAE J1527 Type A2
- Compliant with Marine Fuel Fill Hose - USCG 1942F and SAE J2006, R2
- Available in EPDM Style -7925 and Butyl Style 7920
- Made in the U.S.A.
